30th Sunday in Ordinary Time

Sometimes we can't see the things that are right in front of us. It's not that we're blind. Instead, we are distracted. That's one reason so many states or municipalities have outlawed texting while driving. It is said that drivers that are texting are taking their eyes off the road for a minimum of five seconds. Most do it for a longer time. At highway speeds a car will travel four-hundred-forty feet, almost one-and-a-half times the length of a football field. A lot can happen in that distance, including a crash. Of course, one doesn't have to be texting while driving to run into something while distracted. Running into someone can happen almost anywhere.

It just so happened that blind Bartimaeus was in the right location to run into Jesus. Well, he didn't actually "run" into him. Bartimaeus was sitting on the side of the road and the crowds passed him by, and when he heard what all the hubbub was about, Bartimaeus called out to Jesus asking to be healed. The noise of the crowd provoked Bartimaeus, and in turn, the cries of Bartimaeus broke through the noise to catch the attention of Jesus.

Sometimes things happen in our own lives that break through the distractions that may surround us every day. Illness is one of those times that changes how we interact with the world. Our routine is broken. We're no longer on cruise control. We have to reassess where we're at. One of the things that we can do when we're sick is ask to celebrate the sacrament of anointing of the sick. This prayer for healing can bring family and friends together to ask for comfort and hope in a time of trial and distress. The sacrament doesn't guarantee full health. But it is our Catholic prayer, asking God to restore us to the community of faith and to make us whole again so that we can serve others.
